

COVID-19 Policies

As the world begins to gradually reopen, Sueno Del Sol has modified our health and sanitation standards for our Guests and Staff. We want to make sure that the place you are travelling to has put strict guidelines in place to protect you and your family. Your safety is our highest priority.

We will maintain the COVID-19 protocols while still providing the friendly and casual experience Sueno Del Sol is known for.

Housekeeping

- Enhanced and thorough cleaning protocols will be all touch points: faucets, door handles, light switches, thermostats, clocks and hangers will be cleaned and disinfected for COVID-19.
- Housekeepers and cleaning staff will not enter your room during your stay.
- Clean towels, linen, toiletries, and amenities are available upon request.

Enhanced Cleaning Protocols

- We have increased cleaning frequency of public areas including lobbies, public restrooms, stairwells, and beach chairs. We focus on maintaining a sanitary environment.
- Guest-accessible hand sanitizers can be found at entrances.

Social Distancing

- Added signage throughout the hotel properties to provide guidance to guest and staff on safety practices.
